

August 11, 2023

REMINDER

Dear Valued Partners and Industry Leaders,

CODA is thrilled to announce the launch of our redesigned CFS Portal will be live on Monday, August 14, 2023.

Save time with our new features such as:

Import CFS:

- **Marks release**
(limited to the *master* loader of the consolidation)
- **E-guarantee charges at the co-load level**
(established credit and login credentials required)
- **Exchange pallets displayed including the purchase price**
(viewable by all users)

Access to our current CFS Portal will be removed Friday, August 11 at 7pm eastern and our new CFS Portal will be available by Monday, August 14 at 7am eastern.

If you have our old CFS Portal site bookmarked after our home page then it is important to re-bookmark our new CFS Portal after the launch.

All existing credentialed users will be required to reset their password by clicking “Forgot Password” on the new CFS Portal sign in page. Just follow the simple on-screen prompts and then check your email inbox for the password reset link.

We hope you find our fresh new looking CFS Portal easier to navigate. Please stay tuned for additional enhancements as phase two is already in production.
